

## Appendix 20: Facilities list

Table 4.2.4: Research laboratories list

Site/Building Code	Premise	Room code
Wing 1/ground floor	surgical clinic: preparation and disinfection area	Lab 1
Wing 1/ground floor	surgical clinic: operating room	Lab 2
Wing 1/ground floor	surgical clinic: surgeon preparation and instrument sterilization	Lab 3
Wing 1/ground floor	MRI and CAT scan	Lab 1
Wing 1/ground floor	biotechnology	biotechnology
Central building/ ground floor	small ruminants obstetrical clinic	small ruminants obstetrical clinic)
Central building/ ground floor	pet therapy	pet therapy
Central building/ ground floor	microbiology of foods of animal origin	microbiology of foods of animal origin
Wing 1/first floor	Hematology	Lab 1
Wing 1/first floor	Clinical analysis	Lab 2
Wing 1/first floor	Blood bank and blood products preparation room	Lab 3
Central building/first floor	Parasitology: molecular biology	Lab 1
Central building/ first floor	Parasitology: microscopy teaching laboratory	Lab 2
Central building/ first floor	small animal parasitology	Lab 3
Central building/ first floor	Parasitology of large animals	Lab 4
Central building/ first floor	Parasitology: ELISA and immunology	Lab 5
Central building/ first floor	ichthyoparasitology	Lab 7
Wing 1/second floor	Pathology: molecular biology	Lab 1
Wing 1/second floor	Pathology: sample storage	Lab 4
Wing 1/second floor	Pathology: cytology	Lab 5
Wing 1/second floor	Pathology: immunohistochemistry	Lab 6
Wing 1/second floor	Pathology: microscopy lab	Lab 8
Central building/second floor	Clinical Veterinary Obstetrics and Gynecology: molecular biology	Lab 1
Central building/ second floor	Clinical Veterinary Obstetrics and Gynecology: vaginal semen/colpocytology	Lab 3
Central building/ second floor	Clinical Veterinary Obstetrics and Gynecology: cell cultures	Lab 4
Central building/ second floor	Clinical Veterinary Obstetrics and Gynecology: seed labs with cold room	Lab 5
Central building/ second floor	Clinical Veterinary Obstetrics and Gynecology: embryology lab	Lab 6
Central building/ second floor	Animal Nutrition and Feeding: Storage of analyzed samples	Lab 1
Central building/ second floor	Animal Nutrition and Feeding: livestock feed chemistry lab	Lab 3-6
Central building/ second floor	Animal Nutrition and Feeding: metabolic analysis lab	Lab 7
Central building/ second floor	Animal Nutrition and Feeding: biochemical lab and microscopy	Lab 8
Wing 2/second floor	Physiology and Biochemistry: sample extraction and preparation	Lab 1
Wing 2/second floor	Physiology and Biochemistry: cell culture	Lab 2
Wing 2/second floor	Physiology and Biochemistry: proteomics and metabolomics	Lab 3
Wing 2/second floor	Physiology and Biochemistry: molecular biology	Lab 4
Wing 2/second floor	Physiology and Biochemistry: small equipments	Lab 5
Wing 1/third floor	Special Zootechnics: PCR and PCR Real Time	Lab 7
Wing 1/third floor	Special Zootechnics: extraction of nucleic acids, lactodynamograph	Lab 8
Wing 1/third floor	Special Zootechnics: electrophoresis laboratory	Lab 9
Wing 1/third floor	Special Zootechnics: sample storage	Lab 9bis
Central building/ third floor	Food Hygiene: food microbiology	Lab 1,3,8,9
Central building/ third floor	Food Hygiene: culture media preparation	Lab 2
Central building/ third floor	Food Hygiene: composition and rheology of foods	Lab 4
Central building/ third floor	Food Hygiene: food chemistry	Lab 5
Central building/ third floor	Food Hygiene: molecular biology	Lab 6,7
Wing 2/third floor	Physiology of Nutrition and Zoology: Proteomics and molecular biology lab laboratory	Lab 1
Wing 2/third floor	Physiology of Nutrition and Zoology: Lab small instruments	Lab 3
Wing 2/third floor	Physiology of Nutrition and Zoology: Large instrumentation	Lab 4
Wing 2/third floor	Pharmacology and Toxicology: sample preparation	Lab 1
Wing 2/third floor	Pharmacology and Toxicology: sample analysis	Lab 2
Wing 1/fourth floor	Microbiology, Immunology and Veterinary Infectious Diseases: bacteriology lab	Lab 1
Wing 1/fourth floor	Microbiology, Immunology and Veterinary Infectious Diseases: zoology lab	Lab 2
Wing 1/fourth floor	Microbiology, Immunology and Veterinary Infectious Diseases: molecular biology laboratory (A/B)	Lab 3
Wing 1/fourth floor	Microbiology, Immunology and Veterinary Infectious Diseases: molecular biology laboratory (A/B/C)	Lab 4
Wing 1/fourth floor	Microbiology, Immunology and Veterinary Infectious Diseases: laboratory divided into molecular biology (5A/5B) and cell culture (5C)	Lab 5
Wing 2/fourth floor	Normal Vet Anatomy: Teaching classroom Bones and Anatomical Models	Lab 1
Wing 2/fourth floor	Normal Vet Anatomy: Confocal Microscopy	Lab 2
Wing 2/fourth floor	Normal Vet Anatomy: Microscopy classroom	Lab 3
Wing 2/fourth floor	Normal Vet Anatomy: Histology laboratory	Lab 4

Wing 2/fourth floor	Normal Vet Anatomy: Molecular Biology Laboratory	Lab 5
Wing 2/fourth floor	Normal Vet Anatomy: Cell Culture	Lab 6
Wing 2/fourth floor	Normal Vet Anatomy: Cell Culture	Lab 7
Wing 2/fourth floor	Normal Vet Anatomy: Paleo-anatomy	Lab 8

**Table 4.3.2 - Clinical facilities for SA**

Site/Building code	Premise*	Room code
A	Dogs hospitalization room	1
A	Triage	2
A	Service room (external)	3
A	Veterinary's bedroom	4
A	Critical care room	5
A	Cats hospitalization room	6
A	Veterinary's bathroom	7
A	Laundry room	8
A	Students' changing room + bathroom	9
A	Clinical analysis laboratory/VTH staff break room	10
A	Reception/administrative office	11
A	Waiting room	12
A	VTH entrance	13
A	Students' changing room + bathroom	14
A	Waiting room bathroom	15
A	Food storage and food preparation	16
A	Ambulatory 3 (pets + exotics)	17
A	Suspected infectious hospitalization room	18
A	Infectious hospitalization room (isolation area)	19
A	Service room (external)	20
A	Ultrasonography	21
A	Ambulatory 2 (pets)	22
A	Ambulatory 1 (pets)	23
B	SA Radiology	1
B	Radiology Desk	2
B	Equine Radiology	3
B	Induction Room	4
B	Equine depository Room	5
B	Waiting Room Radiology	6
B	Transient Room	7
B	Store room	8
B	Technicians Office	9
B	Mobile Clinic Office	10
B	Aisle	11
B	Centrale condizionamento	12
B	Store room Obstetrics	13
B	Toilette	14
B	Toilette /depository cleaning service	15
B	Entrance Build B	16
B	Disabled toilet	17
B	Hall Entrance Build B	18
B	Utility Room	19
B	Women's Locker room + Toilet	20
B	Men's Locker room + Toilet	21
B	Students room	22
B	Pharmacy	23
B	Pre-surgery hall	24
B	Storage room	25
B	OR Surgery	26
Site/Building code	Premise*	Room code
B	Entrance to Surgery hall for students	27
B	Aisle to surgery hall	28
B	Surgery prep Room	29
B	Entrance to the surgery hall of surgery staff	30

B	Toilet Surgical Block	31
B	OR Equine	32
B	Surgeon preparation for Equines	33
B	Intensive care box Equines 1	34
B	Sterilization room	35
B	Washing room for surgical instruments	36
B	Aspiration room	37
B	Surgeon preparation for SA	38
B	Intensive care box Equines 2	39
B	Obstetric surgery room	40
B	Pre-obstetric surgery hall	41
B	Storage room	42

- Please, note that some rearrangements in respect of the list of room destinations displayed in the planimetry were necessary following the social distancing to carry out practical training in small groups.
