

Clinical rounds and corrective actions undertaken in March 2023

After monitoring ESEVT indicators (December 2022), and considering the low exposure of students to clinical cases in VTH and also on small ruminants, pigs, equids and also in necropsies, several corrective actions have been undertaken and will be operative since March 2023, with the new semester.

In particular III year students will make 3 hours per student of Necropsies at IZS** (in the convention with the VEE, 2' minutes walk distance) starting from 31 March 2023. The IZS operates in QA and perform necropsies with students and trained veterinaries in the CR scheduled days. At IV year, students will perform instead of rotations at VTH within internal medicine, obstetrics and surgery, clinical activity on ruminants, pigs, equids*** with contracted practitioners (see table 3 below) in small groups outside the VEE.

Compensative measures have been also implemented for the night shift of students in VTH at 2 and 5 year: due to the low flow of clinical cases, and to ensure maximum exposure, students will perform for this semester as EPT in the "Clinica Città di Sassari"*, a veterinary clinic in convention with the VEE that operates in 24/7. This will last until the operative plan "ex Omnibus" financed by the Regional Government of Sardinia will start (expected May 2023).

Clinical rounds in 2022 (SER, 20/1/23):

Year	Semester	Total hours	Hours/ student	Activities	Groups size
I	1	1	1	Animal Management	1-2
	2	5	5	Animal Management	1-2
II			12	VTH rotations - Each student is joined by a 5th grade student, will have to do 12 hours of night practical activity (Friday night or Saturday night)	1
			12	VTH rotations (Saturday or Sunday by day)	
	1	33	9	VTH rotations (1 shift of 5 hours at VTH in the morning and 1 shift of 4 hours in the evening: emergency activities)	2
	2	3	3	VTH rotations (one in the morning and one in the evening: emergency activities)	2
III	1	7	4	Clinical activity at the Municipal kennel	5/6
			3	VTH rotations during the evening	2
	2	17	11	VTH rotations (Saturday or Sunday by day)	1
			3	Necropsies (VTH)	4/5
		3	Clinical activity on exotic animals (VTH)		
IV	1	0			
	2	25	4	VTH rotations: Obstetrics	5/6
			4	VTH rotations: Internal medicine	
			4	VTH rotations: Surgery	
			4	Exotic animals clinical activity (VTH)	
			4	Mobile Clinic	
5	Wildlife clinical activity (Agenzia Forestas)				
V	1	50	12	VTH rotations (Friday night or Saturday night)	1
			12	VTH rotations (Saturday or Sunday by day)	
			4	Ruminants and pigs clinical activity (Outside VTH)	2/3
			3	Horses clinical activity (Outside VTH)	
			3	Horses clinical activity (Outside VTH)	
			3	Mobile Clinic	
			3	Clinical activity at the Municipal kennel	4/5
			4	Wildlife clinical activity (Agenzia Forestas)	
	3	Necropsies (VTH)			
	3	Exotic animals clinical activity (VTH)			
2	141	141			

Corrective actions in Clinical rounds 2023:

Year	Semester	Total hours	Hours/ student	Activities	Total groups	Groups size
I	1	1	1	Animal Management		1-2
	2	5	5	Animal Management		1-2
II	1	33	12	Clinical rotations: VTH and Clinica Città di Sassari - Each student is joined by a 5th grade student, will have to do 12 hours of night practical activity on Friday night or Saturday night*		1
			12	Clinical rotations: VTH and Clinica Città di Sassari day shift, from 8.00 to 20.00 on Saturday or Sunday		
			9	Clinical rotations: 1 shift of 5 hours at VTH in the morning and 1 shift of 4 hours in the evening; emergency activities		2
	2	3	3	Clinical rotations: VTH shift (one in the morning and one in the evening; emergency activities)		2
III	1	7	4	Clinical activity at the Municipal kennel	10	5/6
			3	Clinical rotations: VTH evening shift, from 18.00 to 20.00		2
	2	17	11	Clinical rotations: VTH day shift, from 8.00 to 20.00 on Saturday or Sunday		1
			3	Necropsies (VTH): IZS, parasitic diseases with contracted practitioner**		4/5
			3	Clinical activity on exotic animals: VTH with contracted practitioner		
IV	1	0		6	5/6	
	2	25	4			Clinical rotations: extra-mural with contracted practitioner***on equids
			4			Clinical rotations: extra-mural with contracted practitioner*** on ruminants and pigs
			4			Clinical rotations: extra-mural with contracted practitioner*** on ruminants and pigs/equids
			4			Exotic animals clinical activity (VTH)
			4			Mobile Clinic
5	Wildlife clinical activity (Agenzia Forestas)					
V	1	50	12	Clinical rotations: VTH and Clinica Città di Sassari, night shift from 21.00 to 9.00 on Friday night or Saturday night*	7	1
			12	Clinical rotations: VTH and Clinica Città di Sassari day shift, from 8.00 to 20.00 on Saturday or Sunday		
			4	Clinical rotations: extra-mural with contracted practitioner on ruminants and pigs		2/3
			3	Clinical rotations: extra-mural with contracted practitioner on equids		
			3	Clinical rotations: extra-mural with contracted practitioner on equids		
			3	Mobile Clinic		4/5
			3	Clinical activity at the Municipal kennel		
			4	Wildlife clinical activity (Agenzia Forestas)		
			3	Necropsies (VTH): IZS, parasitic diseases with contracted practitioner		
	3	Exotic animals clinical activity (VTH) with contracted practitioner				
2	141	141				

External practitioners contracted since February 2022:

N° contracts external practioners	External practioners	Resources employed	Total hours/contract	Planned didactic hours for A.A 2022-2023	Formative objectives and DOC SSD VET08/VET09/VET010, MVSS04
1	Dr. Mauro Ardu (equids)	€2,500	100h	4h x 6 groups IV year=24h	Surgery Clinic VET 09: Day One Competences 1.1; 1.4; 1.5; 1.6; 1.7; 1.8; 1.10; 1.11; 1.12; 1.13; 1.14; 1.15; 1.16; 1.17; 1.25; 1.29; 1.30; 1.31; 1.32; 1.26; 1.19; 1.22; 1.18; 2.1; 2.2; 2.5; 2.8; 2.9; 2.11; 2.12; Internal Medicine Clinic VET 08: 1.1; 1.3; 1.4; 1.7; 1.10; 1.15; 1.16; 1.17; 1.18; 1.21; 1.26; Veterinary Obstetrics Clinic VET 10: 1.15, 1.16, 1.21, 1.22, 1.23, 1.24, 1.28, 2.3, 1.4; 1.5; 1.6; 1.7; 1.8; 1.9; 1.10; 1.11; 1.12; 1.13; 1.14; 1.15; 1.16; 1.17; 1.18; 1.19; 1.20; 1.21; 1.22; 1.23; 1.26; 1.28; 1.29; 1.30; 1.31; MVSS04: 1.1; 1.3; 1.4; 1.5; 1.6; 1.7; 1.8; 1.10; 1.11; 1.12; 1.13; 1.14; 1.15; 1.16; 1.17; 1.18; 1.19; 1.21; 1.22; 1.23; 1.24, 1.25; 1.26; 1.28; 1.29; 1.30; 1.31; 1.32; 2.1; 2.2; 2.5; 2.8; 2.9; 2.11; 2.12.
1	Dr. Giovanni Paolo Biggio (equids)	€2,500	100h	3hX 7groups V year= 21h	
1	Dr. Elisa Lappo (equids)	€2,500	100h	3hX 7groups V year= 21h	
1	Dr. Federico Melis (ruminants and pigs)	€2,500	100h	4hx 6groups IV year=24h
