

“1st International Conference on xenobiotics and endogens in biological matrices”

07 June 2019
Department of Veterinary Medicine
UNISS- Sassari
Sardinia ITALY

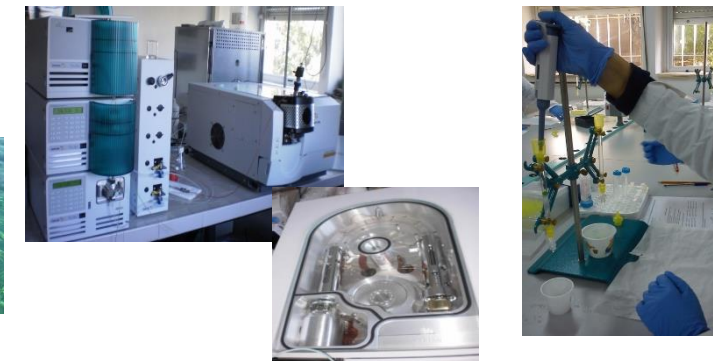

About the conference

Xenobiotics determination is of great interest in Medical, Veterinary and Environmental fields. Studies on xenobiotics include the biological consequences connected to their toxic or healthy potentiality. Determination of endogenous compounds will also be discussed in order to monitor several physiological parameters in human and animals. The aim of this conference is to exchange ideas and experience in the research field.

Programme

13:00	Welcome Ceremony
13:30	Registration of participants
14:00-18:00	Oral presentations and Poster Session

Registration for oral presentation and posters deadline: 17 May 2019
For registration and informations: vpasciu@uniss.it , ebaralla@uniss.it
